Title: Need to built an underpass at Burdman Town on NH-2.

DR. MAMTAZ SANGHAMITA (BARDHMAN DURGAPUR): Sir, I want to speak about my constituency where National Highway No. 2 is passing by Bardhman town. There are two wards on either side of the town. Rural population is living in the ward at Alam Bazar. They have to come around four kilometers either to vote or to go to school and for other work. So, it is my earnest request that there should be an underpass at least for public transport and for the people who can walk down across National Highway No.2 which passes through Bardhman town.
